FOREWORD

As we are closing the Financial Year 2016/2017, this report provides statistical information for that period and is presented to inform stakeholders and decision-makers.

It contains information about graduates for academic year 2015/16, the numbers and profile of enrolled students and details of staff.

The data gives insight to, and justification for, strategic areas of investment such as capacity development, and in accord with the Presidential Order establishing the quality standards in higher learning institutions (N°51/01 of 13/07/2010), highlights improvements for quality.

Yours sincerely

Professor Philip Cotton

Vice Chancellor
