
OFFICE OF THE UNIVERSITY REGISTRAR

URGENT ANNOUNCEMENT TO ALL STUDENTS

After realizing that most passport photos uploaded in the system by students for making Identity Cards were of poor quality, the Management of the University of Rwanda has organized a special session for taking passport photos for all students in various Campuses, from **6th-13th February 2018**. The photos taken shall be uploaded in the MIS for: Use in making student identity cards, on Academic Transcripts and other academic purposes as may be required. The photos shall be taken once and used for the entire period that the student will remain registered at the University of Rwanda. In the subsequent years, only new students shall be required to take photos.

All students are requested to consider the importance of this exercise and arrange to take photos at the venues and time as communicated by the College and Campus Management.

Done on 6th February 2018

Florence KANEZA
University Registrar
