

LEGACY TREE SUBMISSIONS NOW OPEN

Do you know of a large, old tree native to Rwanda? It could be a Legacy Tree, and we would like to hear about it!

We are inviting individuals and districts to take part in identifying and protecting Rwanda's most significant trees as part of the National Legacy Tree Project.

HOW TO SUBMIT

- **Online:** Fill out the form here: [Legacy Tree Online Form](#)
- **Offline:** Download or print [this form](#), fill it in and send it to jealiza90@gmail.com or via WhatsApp to **+250 788 251 254**
- **In-person:** Visit your nearest District Forest or Environment Officer
- **By phone or email:** Contact Ms. Jeannette Batamuliza at **+250 788 251 254** or jealiza90@gmail.com

Once submitted, the team will arrange to visit the tree to confirm whether it meets the Legacy Tree criteria: large, old, and native to Rwanda with a diameter at breast height of at least 50 cm.

AWARDS AND RECOGNITION

There are several exciting categories for individuals and districts to win:

- Biggest tree (based on diameter at breast height) - individual
- Tree with the most meaningful story - individual
- Overall most competitive tree (biggest, most beautiful, best story) - individual
- District with the most species of legacy trees
- District with the highest number of individual legacy trees
- District with the widest spread of trees across the district
- District with the most trees in protected status
