

**Extension of Deadline for Proposals Submission - Call for Research Grant Proposals in
priority areas of Vaccines, Immunization and Health Supply Chain Management
(VIHSCM)),
Dated April 21st, 2022.**

Dear Madam / Sir,

Following requests from some prospective applicants who expressed difficulties in meeting the deadline due to processing time of recommendation letters from their heads of institutions;

Considering the small number of the applications received within the deadline;

This is to inform that the deadline for Proposal submission is extended to **8th July 2022 at 5:00 p.m GMT.**

Applicants who had submitted their research proposals before the deadline are permitted to review or update their proposals and re-submit before the new deadline, if they wish to. In this case, they should mention in e-mail that the new submission replaces the previous one. If no new proposal is submitted before the deadline, the previous one will be considered as final.

All other provisions of the initial call for proposals remain unchanged. Please find the link to the call here: <https://ur.ac.rw/?Call-for-Students-Research-Grant-Proposals-in-priority-areas-of-VIHSCM>

Done at Kigali, on June 21st, 2022.

A handwritten signature in blue ink, appearing to read 'Stephen Karengera'.

Dr Stephen KARENTERA
