

UNIVERSITY of  
RWANDA

## COLLEGE OF SCIENCE AND TECHNOLOGY

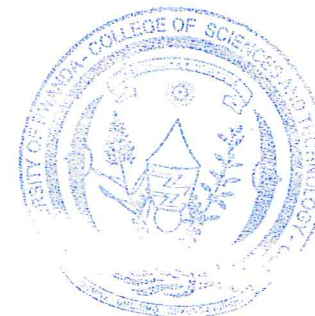

### Job Advertisement

University of Rwanda/College of Science and Technology (UR-CST), would like to recruit competent and qualified academic staff to occupy vacant positions as shown in the table below:

School	Department	Position	Qualification	Duties and Responsibilities	Number
School of Mining and Geology	Geology	Assistant Lecturer	MSc in Geology	<ul style="list-style-type: none"><li>To deliver teaching and learning and undertake related activities, to assist in the development of the new curriculum and to engage in research and/or consultancy and/or knowledge transfer;</li><li>Participating in continuous professional development;</li><li>Carry out such related duties that may be allocated to you as advised by the Head of Department/ Dean of School/College Principal/ Deputy Vice-Chancellors (DVC), Vice-Chancellor (VC).</li></ul> <p><b>And to undertake at least one of the following:</b></p> <ul style="list-style-type: none"><li>Research that advances the discipline and /or pedagogic research and/or applied research;</li><li>Scholarly activities including the development of teaching and learning materials and publication of text books;</li><li>Knowledge transfer to business and the community.</li></ul>	1

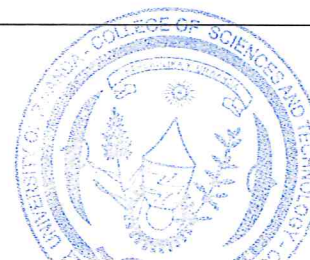

School of Mining and Geology	Mining Engineering	Tutorial Assistant	Bachelor's Degree in Mining Engineering with First Class mention or Second Class Upper Division	<ul style="list-style-type: none"> <li>• Advise and supervise students' assignments;</li> <li>• Invigilate tests and exams;</li> <li>• Coordinate internship for undergraduate students;</li> <li>• Participate actively in research project;</li> <li>• Process weekly reports</li> <li>• Assist Head of Department (HoD) in administrative matters;</li> <li>• Assist lecturers in marking;</li> <li>• Receive demand from students</li> </ul>	1
School of Mining and Geology	Applied Geology	Tutorial Assistant	Bachelor's Degree in Applied Geology with First Class mention or Second Class Upper Division	<ul style="list-style-type: none"> <li>• Advise and supervise students' assignments;</li> <li>• Invigilate tests and exams;</li> <li>• Coordinate internship for undergraduate students;</li> <li>• Participate actively in research project;</li> <li>• Process weekly reports</li> <li>• Assist HoD in administrative matters;</li> <li>• Assist lecturers in marking;</li> <li>• Receive demand from students</li> </ul>	1
School of ICT	Department of Computer Science	Lecturer	PhD in Computer Science with specialization in Software Engineering or Cloud Computing or Mobile Computing or Information Security or any other related field	<ul style="list-style-type: none"> <li>• To deliver teaching and learning and undertake related activities, to assist in the development of the new curriculum and to engage in research and/or consultancy and/or knowledge transfer;</li> <li>• Participating in continuous professional development;</li> <li>• Carry out such related duties that may be allocated to you as advised by the Head of Department/ Dean of School/College Principal/ DVC/VC.</li> </ul> <p><b>And to undertake at least one of the following:</b></p> <ul style="list-style-type: none"> <li>• Research that advances the discipline and/or pedagogic research and/or applied research;</li> <li>• Scholarly activities including the development of teaching and learning materials and publication of text books;</li> <li>• Knowledge transfer to business and the community</li> </ul>	1

School of ICT	Department of Computer and Software Engineering	Lecturer	<p>PhD in Computer Engineering or related discipline with a track record of research, publications and teaching in Embedded Systems</p> <p>Or</p> <p>PhD in Computer Engineering with a track record of research, publications and teaching in Internet of Things</p> <p>Or</p> <p>PhD in Computer Science or Computer Engineering with a track record of research, publications and teaching in Artificial Intelligence.</p>	<ul style="list-style-type: none"> <li>To deliver teaching and learning and undertake related activities, to assist in the development of the new curriculum and to engage in research and/or consultancy and/or knowledge transfer;</li> <li>Participating in continuous professional development;</li> <li>Carry out such related duties that may be allocated to you as advised by the Head of Department/ Dean of School/College Principal/ DVC/VC.</li> </ul> <p><b>And to undertake at least one of the following:</b></p> <ul style="list-style-type: none"> <li>Research that advances the discipline and /or pedagogic research and/or applied research;</li> <li>Scholarly activities including the development of teaching and learning materials and publication of text books;</li> <li>Knowledge transfer to business and the community</li> </ul>	1
School of ICT	Department of Information Systems	Lecturer	<p>PhD in Information Systems with specialization in Data Analytics, Big data or other related field</p> <p>Or</p> <p>PhD in Information Technology with specialization in Data Analytics, Big data or other related field.</p> <p>Or</p> <p>PhD in Computer Science with specialization in Data Analytics, Big data or other related field.</p> <p>Or</p>	<ul style="list-style-type: none"> <li>To deliver teaching and learning and undertake related activities, to assist in the development of the new curriculum and to engage in research and/or consultancy and/or knowledge transfer;</li> <li>Participating in continuous professional development;</li> <li>Carry out such related duties that may be allocated to you as advised by the Head of Department/ Dean of School/College Principal/ DVC/VC.</li> </ul> <p><b>And to undertake at least one of the following:</b></p> <ul style="list-style-type: none"> <li>Research that advances the discipline and /or pedagogic research and/or applied research;</li> <li>Scholarly activities including the development of teaching and learning materials and publication of text books;</li> <li>Knowledge transfer to business and the community</li> </ul>	2

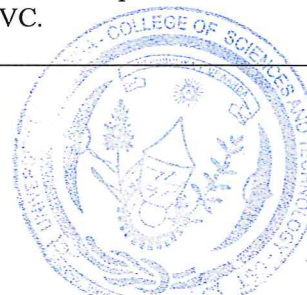

*m*

			PhD in Computer Engineering with specialization in Data analytics, Big data or other related field And PhD in Finance Technology or other related field		
School of ICT	Department of Information Technology	Lecturer	PhD in Information technology with specialization in Visual computing Or PhD in Information technology with specialization in Computer Vision or Computer Image and Animation Or PhD in Information Technology or Computer Science with specialization in Information Security or any other related field	<ul style="list-style-type: none"> <li>To deliver teaching and learning and undertake related activities, to assist in the development of the new curriculum and to engage in research and/or consultancy and/or knowledge transfer;</li> <li>Participating in continuous professional development;</li> <li>Carry out such related duties that may be allocated to you as advised by the Head of Department/ Dean of School/College Principal/ DVC/VC.</li> </ul> <p><b>And to undertake at least one of the following:</b></p> <ul style="list-style-type: none"> <li>Research that advances the discipline and /or pedagogic research and/or applied research;</li> <li>Scholarly activities including the development of teaching and learning materials and publication of text books;</li> <li>Knowledge transfer to business and the community</li> </ul>	1
School of Engineering	Department of Civil, Environmental and Geomatic Engineering	Lecturer	PhD in Geotechnical Engineering with 5 years of experience and Scientific publication is an added advantage in a referred journal	<ul style="list-style-type: none"> <li>To deliver teaching and learning and undertake related activities, to assist in the development of the new curriculum and to engage in research and/or consultancy and/or knowledge transfer;</li> <li>Participating in continuous professional development;</li> <li>Carry out such related duties that may be allocated to you as advised by the Head of Department/ Dean of School/College Principal/ DVC/VC.</li> </ul>	1

*Handwritten signature*

				<b>And to undertake at least one of the following:</b> <ul style="list-style-type: none"> <li>• Research that advances the discipline and /or pedagogic research and/or applied research;</li> <li>• Scholarly activities including the development of teaching and learning materials and publication of text books;</li> <li>• Knowledge transfer to business and the community</li> </ul>	
School of Engineering	Department of Civil, Environmental and Geomatic Engineering	Assistant Lecturer	MSc in Engineering Surveying/ Geodesy/ Geomatics/Geoinformatics/Geodetics with BSc in Geodetics / Geomatics/ Geodesy/ Geoinformatics/ Geospatial Sciences/Engineering Surveying or with BSc in Surveying and Geomatics Engineering/Engineering Surveying	<ul style="list-style-type: none"> <li>• To deliver teaching and learning and undertake related activities, to assist in the development of the new curriculum and to engage in research and/or consultancy and/or knowledge transfer;</li> <li>• Participating in continuous professional development;</li> <li>• Carry out such related duties that may be allocated to you as advised by the Head of Department/ Dean of School/College Principal/ DVC/VC.</li> </ul> <b>And to undertake at least one of the following:</b> <ul style="list-style-type: none"> <li>• Research that advances the discipline and /or pedagogic research and/or applied research;</li> <li>• Scholarly activities including the development of teaching and learning materials and publication of text books;</li> <li>• Knowledge transfer to business and the community</li> </ul>	2
School of Engineering	Department of Civil, Environmental and Geomatic Engineering	Tutorial Assistant	BSc holder in Civil Engineering with first class mention or Second Class Upper Division	<ul style="list-style-type: none"> <li>• Advise and supervise students' assignments;</li> <li>• Invigilate tests and exams;</li> <li>• Coordinate internship for undergraduate students;</li> <li>• Participate actively in research project;</li> <li>• Process weekly reports</li> <li>• Assist HoD in administrative matters</li> <li>• Assist lecturers in marking</li> <li>• Receive demand from students</li> </ul>	1

School of Engineering	Department of Mechanical and Energy Engineering	Lecturer	PhD in Mechanical Engineering, with option (Mechatronics, Plant engineering or Production Engineering) Having a BSc in Mechanical Engineering or Electromechanical Engineering	<ul style="list-style-type: none"> <li>To deliver teaching and learning and undertake related activities, to assist in the development of the new curriculum and to engage in research and/or consultancy and/or knowledge transfer;</li> <li>Participating in continuous professional development;</li> <li>Carry out such related duties that may be allocated to you as advised by the Head of Department/ Dean of School/College Principal/ DVC/VC.</li> </ul> <p><b>And to undertake at least one of the following:</b></p> <ul style="list-style-type: none"> <li>Research that advances the discipline and /or pedagogic research and/or applied research;</li> <li>Scholarly activities including the development of teaching and learning materials and publication of text books;</li> <li>Knowledge transfer to business and the community.</li> </ul>	1
School of Engineering	Department of Mechanical and Energy Engineering	Lecturer	PhD in Energy Studies with a specialization that crosscuts between energy economics and energy engineering with strong understanding of the planning and socioeconomic aspects of energy systems	<ul style="list-style-type: none"> <li>To deliver teaching and learning and undertake related activities, to assist in the development of the new curriculum and to engage in research and/or consultancy and/or knowledge transfer;</li> <li>Participating in continuous professional development;</li> <li>To contribute to the advancement of the Center of Excellence in Energy for Sustainable Development;</li> <li>Carry out such related duties that may be allocated to you as advised by the Head of Department/ Dean of School/College Principal/ DVC/VC.</li> </ul> <p><b>And to undertake at least one of the following:</b></p> <ul style="list-style-type: none"> <li>Research that advances the discipline and /or pedagogic research and/or applied research;</li> <li>Scholarly activities including the development of teaching and learning materials and publication of text books;</li> <li>Knowledge transfer to business and the community.</li> </ul>	

*m*

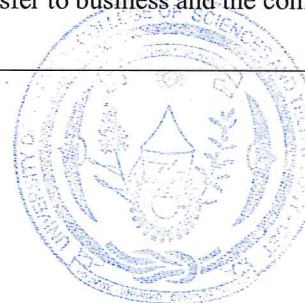

School of Engineering	Department of Mechanical and Energy Engineering	Assistant Lecturer	MSc in either Mechanical Engineering with specialization in Mechatronics, Plant Engineering or Production Engineering, with background (BSc) in Mechanical Engineering or a related field like Production Engineering or Plant engineering	<ul style="list-style-type: none"> <li>• To deliver teaching and learning and undertake related activities, to assist in the development of the new curriculum and to engage in research and/or consultancy and/or knowledge transfer;</li> <li>• Participating in continuous professional development;</li> <li>• Carry out such related duties that may be allocated to you as advised by the Head of Department/ Dean of School/College Principal/ DVC/VC.</li> </ul> <p><b>And to undertake at least one of the following:</b></p> <ul style="list-style-type: none"> <li>• Research that advances the discipline and /or pedagogic research and/or applied research;</li> <li>• Scholarly activities including the development of teaching and learning materials and publication of text books;</li> <li>• Knowledge transfer to business and the community.</li> </ul>	1
School of Engineering	Department of Mechanical and Energy Engineering	Tutorial Assistant	BSc in Mechanical engineering or related fields such as Plant engineering, Mechatronics, Production Engineering with a First Class mention or Second Class Upper Division	<ul style="list-style-type: none"> <li>• Advise and supervise students' assignments;</li> <li>• Invigilate tests and exams;</li> <li>• Coordinate internship for undergraduate students;</li> <li>• Participate actively in research project;</li> <li>• Process weekly reports</li> <li>• Assist HoD in administrative matters</li> <li>• Assist lecturers in marking</li> <li>• Receive demand from students</li> </ul>	1

	Department of Electrical and Electronics Engineering	Lecturer	<p>PhD in Telecommunication Systems with specialization in Signal Processing, Radio Communications, Cooperative Wireless Networks or Telecommunication Networks Management and Quality Control</p> <p>At least two years of professional experience linked to telecommunications field and industry</p>	<ul style="list-style-type: none"> <li>To deliver teaching and learning and undertake related activities, to assist in the development of the new curriculum and to engage in research and/or consultancy and/or knowledge transfer;</li> <li>Participating in continuous professional development;</li> <li>Carry out such related duties that may be allocated to you as advised by the Head of Department/ Dean of School/College Principal/ DVC/VC.</li> </ul> <p><b>And to undertake at least one of the following:</b></p> <ul style="list-style-type: none"> <li>Research that advances the discipline and /or pedagogic research and/or applied research;</li> <li>Scholarly activities including the development of teaching and learning materials and publication of text books;</li> <li>Knowledge transfer to business and the community</li> </ul>	1
School of Science	Department of Biology	Lecturer	<p>PhD in Biological Sciences with specialization in Plant Systematics, Animal Systematics, Botany or Zoology.</p>	<ul style="list-style-type: none"> <li>To deliver teaching and learning and undertake related activities, to assist in the development of the new curriculum and to engage in research and/or consultancy and/or knowledge transfer;</li> <li>Participating in continuous professional development;</li> <li>Carry out such related duties that may be allocated to you as advised by the Head of Department/ Dean of School/College Principal/ DVC/VC.</li> </ul> <p><b>And to undertake at least one of the following:</b></p> <ul style="list-style-type: none"> <li>Research that advances the discipline and /or pedagogic research and/or applied research;</li> <li>Scholarly activities including the development of teaching and learning materials and publication of text books;</li> <li>Knowledge transfer to business and the community</li> </ul>	1

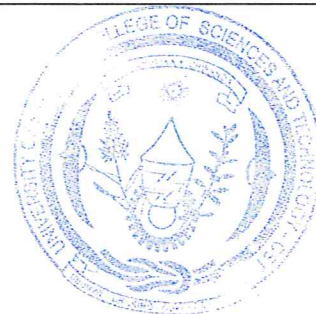

*m*

School of Science	Department of Chemistry	Lecturer	PhD in Analytical Chemistry	<ul style="list-style-type: none"> <li>To deliver teaching and learning and undertake related activities, to assist in the development of the new curriculum and to engage in research and/or consultancy and/or knowledge transfer;</li> <li>Participating in continuous professional development;</li> <li>Carry out such related duties that may be allocated to you as advised by the Head of Department/ Dean of School/College Principal/ DVC/VC.</li> </ul> <p><b>And to undertake at least one of the following:</b></p> <ul style="list-style-type: none"> <li>Research that advances the discipline and /or pedagogic research and/or applied research;</li> <li>Scholarly activities including the development of teaching and learning materials and publication of text books;</li> <li>Knowledge transfer to business and the community</li> </ul>	1
School of Science	Department of Physics	Lecturer	PhD in Materials Science Or PhD Material Physics, Condensed Matter Physics, Or PhD in Materials Processing, Nanoscience or Nanophysics  The candidate shall have at strong Physics background	<ul style="list-style-type: none"> <li>To deliver teaching and learning and undertake related activities, to assist in the development of the new curriculum and to engage in research and/or consultancy and/or knowledge transfer;</li> <li>Participating in continuous professional development;</li> <li>Carry out such related duties that may be allocated to you as advised by the Head of Department/ Dean of School/College Principal/ DVC/VC.</li> </ul> <p><b>And to undertake at least one of the following:</b></p> <ul style="list-style-type: none"> <li>Research that advances the discipline and /or pedagogic research and/or applied research;</li> <li>Scholarly activities including the development of teaching and learning materials and publication of text books;</li> <li>Knowledge transfer to business and the community</li> </ul>	2

*m*

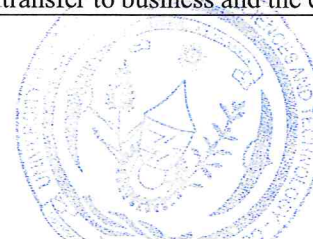

School of Science	Department of Physics	Lecturer	<p>PhD in one of the following fields:</p> <ul style="list-style-type: none"> <li>• Atmospheric Chemistry</li> <li>• Atmospheric Sciences</li> <li>• Air Pollution Sciences</li> <li>• Environmental Sciences (applied to atmospheric composition)</li> </ul>	<ul style="list-style-type: none"> <li>• To deliver teaching and learning and undertake related activities, to assist in the development of the new curriculum and to engage in research and/or consultancy and/or knowledge transfer;</li> <li>• Participating in continuous professional development;</li> <li>• Carry out such related duties that may be allocated to you as advised by the Head of Department/ Dean of School/College Principal/ DVC/VC.</li> </ul> <p><b>And to undertake at least one of the following:</b></p> <ul style="list-style-type: none"> <li>• Research that advances the discipline and /or pedagogic research and/or applied research;</li> <li>• Scholarly activities including the development of teaching and learning materials and publication of text books; Knowledge transfer to business and the community</li> </ul>	1
School of Science	Department of Physics	Lecturer	<p>PhD in Atmospheric Sciences, Atmospheric Physics, Meteorology, Atmospheric Dynamics, Climate dynamics, Climate Sciences (focus on atmospheric Science), Geophysics (applied to atmospheric Sciences), Environmental Sciences (Applied to atmospheric physics)</p>	<ul style="list-style-type: none"> <li>• To deliver teaching and learning and undertake related activities, to assist in the development of the new curriculum and to engage in research and/or consultancy and/or knowledge transfer;</li> <li>• Participating in continuous professional development;</li> <li>• Carry out such related duties that may be allocated to you as advised by the Head of Department/ Dean of School/College Principal/ DVC/VC.</li> </ul> <p><b>And to undertake at least one of the following:</b></p> <ul style="list-style-type: none"> <li>• Research that advances the discipline and /or pedagogic research and/or applied research;</li> <li>• Scholarly activities including the development of teaching and learning materials and publication of text books;</li> <li>• Knowledge transfer to business and the community</li> </ul>	1

*m*

School of Architecture and Build Environment	Department of Geography & Urban Planning	Lecturer	PhD holder Environmental Management or MSc holder in Environmental Management (with five years' experience) in teaching or research in Environmental Planning and management related fields with application of GIS and Remote Sensing tools in (Natural Resources Management, Environmental Planning and Management, Natural Hazards and Disaster Management, Vulnerability Assessment, Ecosystems Analysis and Management).	<ul style="list-style-type: none"> <li>To deliver teaching and learning and undertake related activities, to assist in the development of the new curriculum and to engage in research and/or consultancy and/or knowledge transfer;</li> <li>Participating in continuous professional development;</li> <li>Carry out such related duties that may be allocated to you as advised by the Head of Department/ Dean of School/College Principal/ DVC/VC.</li> </ul> <p><b>And to undertake at least one of the following:</b></p> <ul style="list-style-type: none"> <li>Research that advances the discipline and /or pedagogic research and/or applied research;</li> <li>Scholarly activities including the development of teaching and learning materials and publication of text books;</li> <li>Knowledge transfer to business and the community</li> </ul>	1
School of Architecture and Build Environment	Department of Geography & Urban Planning	Lecturer	PhD holder in Urban Planning or MSc holder in Urban Planning (with five years' experience) in teaching or research in Urban planning and management related fields in (Urban planning and Management, Urban Regional Planning, Human settlement planning, spatial planning, and urban land administration and management).	<ul style="list-style-type: none"> <li>To deliver teaching and learning and undertake related activities, to assist in the development of the new curriculum and to engage in research and/or consultancy and/or knowledge transfer;</li> <li>Participating in continuous professional development;</li> <li>Carry out such related duties that may be allocated to you as advised by the Head of Department/ Dean of School/College Principal/ DVC/VC.</li> </ul> <p><b>And to undertake at least one of the following:</b></p> <ul style="list-style-type: none"> <li>Research that advances the discipline and /or pedagogic research and/or applied research;</li> <li>Scholarly activities including the development of teaching and learning materials and publication of text books;</li> <li>Knowledge transfer to business and the community</li> </ul>	1

m

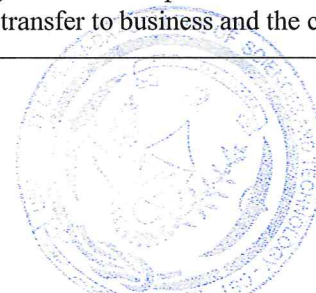

School of Architecture and Build Environment	Department of Geography & Urban Planning	Assistant Lecturer	MSc holder in Environmental Management related field with application of GIS and Remote Sensing tools (Natural Resources Management, Environmental Planning and Management, Natural Hazards and Disaster Analysis, Vulnerability Assessment, Ecosystems Analysis and Assessment)	<ul style="list-style-type: none"> <li>To deliver teaching and learning and undertake related activities, to assist in the development of the new curriculum and to engage in research and/or consultancy and/or knowledge transfer;</li> <li>Participating in continuous professional development;</li> <li>Carry out such related duties that may be allocated to you as advised by the Head of Department/ Dean of School/College Principal/ DVC/VC.</li> </ul> <p><b>And to undertake at least one of the following:</b></p> <ul style="list-style-type: none"> <li>Research that advances the discipline and /or pedagogic research and/or applied research;</li> <li>Scholarly activities including the development of teaching and learning materials and publication of text books;</li> <li>Knowledge transfer to business and the community</li> </ul>	1
School of Architecture and Build Environment	Department of Geography & Urban Planning	Assistant Lecturer	MSc holder in Urban planning related fields (Urban and Regional Planning, Human settlement planning, spatial planning, urban land management, land use planning with application of GIS and Remote Sensing Tools).	<ul style="list-style-type: none"> <li>To deliver teaching and learning and undertake related activities, to assist in the development of the new curriculum and to engage in research and/or consultancy and/or knowledge transfer;</li> <li>Participating in continuous professional development;</li> <li>Carry out such related duties that may be allocated to you as advised by the Head of Department/ Dean of School/College Principal/ DVC/VC.</li> </ul> <p><b>And to undertake at least one of the following:</b></p> <ul style="list-style-type: none"> <li>Research that advances the discipline and /or pedagogic research and/or applied research;</li> <li>Scholarly activities including the development of teaching and learning materials and publication of text books;</li> <li>Knowledge transfer to business and the community</li> </ul>	1

School of Architecture and Build Environment	Department of Geography & Urban Planning	Tutorial Assistant	BSc holder in Environmental management (with First Class mention or at least Second Class Upper Division) in Environmental management related field with applications of GIS and Remote Sensing tools (Natural Resources Management, Environmental Planning and Management, Natural Hazards and Disaster management, Vulnerability Assessment, Ecosystems Analysis and Management).	<ul style="list-style-type: none"> <li>Advise and supervise students' assignments;</li> <li>Invigilate tests and exams;</li> <li>Coordinate internship for undergraduate students;</li> <li>Participate actively in research project;</li> <li>Process weekly reports</li> <li>Assist HoD in administrative matters</li> <li>Assist lecturers in marking</li> <li>Receive demand from students</li> </ul>	1
School of Architecture and Build Environment	Department of Construction Management	Lecturer	<p>PhD in Quantity Surveying with 3 years of experience and Scientific publication in a referred journal is an added advantage</p> <p>Or</p> <p>PhD in Construction Management/Construction project Management/Project Management with 5 Years experiences and being registered with Quantity Surveyors</p>	<ul style="list-style-type: none"> <li>To deliver teaching and learning and undertake related activities, to assist in the development of the new curriculum and to engage in research and/or consultancy and/or knowledge transfer;</li> <li>Participating in continuous professional development;</li> <li>Carry out such related duties that may be allocated to you as advised by the Head of Department/ Dean of School/College Principal/ DVC/VC.</li> </ul> <p><b>And to undertake at least one of the following:</b></p> <ul style="list-style-type: none"> <li>Research that advances the discipline and /or pedagogic research and/or applied research;</li> <li>Scholarly activities including the development of teaching and learning materials and publication of text books;</li> <li>Knowledge transfer to business and the community</li> </ul>	2

			Registration Board. Scientific publication in a referred journal is an added advantage		
School of Architecture and Build Environment	Department of Construction Management	Assistant Lecturer	MSc in Quantity Surveying, Construction Management with BSc in Quantity Surveying Or MSc in Construction Project Management with Quantity surveying experiences proven by being a Registered Quantity Surveyor Or MSc in Building Services, with Quantity surveying experiences proven by being a Registered Quantity Surveyor	<ul style="list-style-type: none"> <li>To deliver teaching and learning and undertake related activities, to assist in the development of the new curriculum and to engage in research and/or consultancy and/or knowledge transfer;</li> <li>Participating in continuous professional development;</li> <li>Carry out such related duties that may be allocated to you as advised by the Head of Department/ Dean of School/College Principal/ DVC/VC.</li> </ul> <p><b>And to undertake at least one of the following:</b></p> <ul style="list-style-type: none"> <li>Research that advances the discipline and /or pedagogic research and/or applied research;</li> <li>Scholarly activities including the development of teaching and learning materials and publication of text books;</li> <li>Knowledge transfer to business and the community.</li> </ul>	1
School of Architecture and Build Environment	Department of Construction Management	Tutorial Assistant	BSc in Quantity Surveying with First Class or Second Class Upper Division	<ul style="list-style-type: none"> <li>Advise and supervise students' assignments;</li> <li>Invigilate tests and exams;</li> <li>Coordinate internship for undergraduate students;</li> <li>Participate actively in research project;</li> <li>Process weekly reports</li> <li>Assist HoD in administrative matters</li> <li>Assist lecturers in marking</li> <li>Receive demand from students</li> </ul>	1

*m*

School of Architecture and Build Environment	Department of Estate Management and Valuation	Assistant Lecturer	MSc in Construction Project Management, Civil Engineering, Architecture, Building Technology, Quantity Surveying, Project Planning and Management with an experience of 5 years in Real Estate Development or Management of Large-Scale Construction Projects	<ul style="list-style-type: none"> <li>To deliver teaching and learning and undertake related activities, to assist in the development of the new curriculum and to engage in research and/or consultancy and/or knowledge transfer;</li> <li>Participating in continuous professional development;</li> <li>Carry out such related duties that may be allocated to you as advised by the Head of Department/ Dean of School/College Principal/ DVC/VC.</li> </ul> <p><b>And to undertake at least one of the following:</b></p> <ul style="list-style-type: none"> <li>Research that advances the discipline and /or pedagogic research and/or applied research;</li> <li>Scholarly activities including the development of teaching and learning materials and publication of text books;</li> <li>Knowledge transfer to business and the community</li> </ul>	1
--	---	--------------------	---	--	---

#### Application procedure:

Interested candidates should apply online using MIFOTRA e-Recruitment portal with respect of the application deadline established. No hard copies will be received.

Done at Kigali on 24/10/2019.

Dr. Ignace Gatare  
Principal, College of Science and Technology,  
University of Rwanda
