

Selection report Pediatrics Fellowship Scholarship Candidate

• **Introduction:**

The University of Rwanda in collaboration with the Ministry of Health received funding from ELMA Foundation to implement a program entitled "Pediatric Health Workforce Development in Rwanda". The program will support the implementation of the National Strategy for Health Professions Development 2020-2030 (NSHPD). With this strategy, the Ministry of Health has set the goal to have 234 Pediatric physicians in the public sector by 2030. The program will specifically support pediatrics fellowships, pediatric nursing, neonatal nursing, and doctoral nursing practice for the next three years.

The purpose of this selection report is to provide a detailed account of the selection process for the Pediatrics Fellowship Scholarship Under UR-MOH_ELMA Grant. The fellowship aims to support exceptional candidates dedicated to advancing the field of pediatrics through subspecialty training

• **Criteria for Evaluation:**

The evaluation criteria for the pediatrics fellowship scholarship included availability of all application requirements, clinical experience, commitment to community service, leadership skills, and the potential for future contributions to the pediatrics workforce development.

• **Application Review Process:**

A Detailed review of applicant's application file was done. Applications were evaluated based availability of all application requirements, the clarity of career goals, academic degree, letters of recommendation, and a personal statement outlining the candidate's passion for pediatrics and their alignment with the fellowship's objectives.
