EXECUTIVE SUMMARY

Within four sections, Graduates for Academic Year 2014/2015, Students Registered for Academic Year 2015/2016, Distribution of Staff, and Infrastructure, this report provides the statistical information of the University of Rwanda. The total number of graduates in July 2015 was 8,148. In January 2015 we had 31,760 registered students distributed by College as follows: 6,056 students in the College of Science and Technology (CST), 3,677 students in the College of Medicine and Health Sciences (CMHS), 6,415 students in the College of Education (CE), 9,717 students in the College of Business and Economics (CBE), 2,301 students in the College of Arts and Social Sciences (CASS), and 3,594 students in the College of Agriculture, Animal Sciences and Veterinary Medicine (CAVM). Most students (67.6%) are male and 32.4% are female. 85.0% of our undergraduate students are financially supported by the Government of Rwanda.

The current number of staff is 2,327 distributed as follows: 1,601 academic staff and 726 administrative and support staff, where 76.0% of academic staff are male and 24.0% are female; administrative and support staff, 58.7% are male and 41.3% are female.

11

FOREWORD

As the Academic Year 2015/2016 is on-going, this report provides the statistical information for the fiscal period starting July 2015, in order to inform our stakeholders and decision makers about the progress of the University of Rwanda.

It is in that context that the report provides information regarding the Second Graduation of the University of Rwanda, students registered for the Academic Year 2015/2016, current staff and current utilisation of infrastructure.

We have come a long way and recognise that there is much to do in order to enhance the quality of services.

This report was prepared by Thierry Munyazikwiye Senior Statistician at the University of Rwanda. Thanks go to the staff involved in data collection, and particularly the Principals of Colleges who facilitated in accessing this crucial information.

Yours sincerely

Professor Philip Cotton

Vice Chancellor

Prof Nelson Ijumba, DVC-AAR

Pudence Rubingisa, DVC-FA

VISION

To be a leading University that develops highly enterprising graduates prepared and dedicated to building a more just and sustainable society locally, nationally and globally, with appropriate innovations that advance quality of life.

MISSION

The UR will support the development of Rwanda by discovering and advancing knowledge, and being committed to the highest standards of academic excellence, where students are prepared for lives of service, and leadership, transforming communities through finding solutions.

OBJECTIVES

The University’s overall objective is to be a community of people transformed to serve through a clear understanding of its stated goals underpinned by shared values that serve as guidance to all its endeavours. As UR community, we commit ourselves to:

- Develop interdisciplinary, problem-based academic programmes aligned with Rwanda's development needs,
- Integrate IT-based resources from around the world,
- Ensure students have the leadership, entrepreneurship and management skills needed to create employment,
- Prepare students for service to their communities and country through applied service learning programmes nationally and internationally,
- Create applied, evidence-driven, research centres focused on problem solving, aligned with Rwanda's development needs,
- Develop continuous education programs for upgrading skills and knowledge.
