**CALL FOR EXPRESSION OF INTEREST IN GIKURIRO PROGRAM FINAL
EVALUATION: ENUMERATORS**

In the framework of the Memorandum of Understanding (MoU) between CRS/Gikuriro program and the UR-CMHS-SPH, the UR-CMHS-SPH would like qualified and interested individuals to show their interest in the Final evaluation of Gikuriro program – with the aim to systematically and objectively assess Gikuriro program interventions since 2016, its design, theory of change, implementation approaches, and results..- planned in July-August 2020 in its six districts of intervention (Ngoma, Kayonza, Rwamagana, Nyarugenge, Kicukiro and Nyabihu). Qualified applicants should fulfil the following requirements:

- At least a bachelor's degree in social sciences. Having a bachelor's degree in Human nutrition and dietetics, Environmental health would be an asset,
- Not older than 40 years of age,
- Experience in household Human nutrition and WASH surveys within the UR-SPH or other well-known (reputation) University, for not more than two years ago,
- Knowledge in using electronic devices (Android tablets or smart phones),
- Having a good, working SMART phone with enough storage capacity and able to connect to internet
- Being fully available to go anywhere appointed,
- Fluency in English and Kinyarwanda
- For those who wish to be involved in the qualitative part of the evaluation, in addition to the above-mentioned criteria, they will need:
 - Experience in Nutrition and WASH qualitative data collection (FGDs and KIIs moderation, transcribing and coding, using Atlas ti software)
 - Experience in preparing and organizing the field for qualitative data collection
 - Knowledge in qualitative data analysis and writing
 - Master in public health or epidemiology would be an asset

Selected candidates' responsibilities include:

- Attending the pre-field data collection training and tools piloting,
- Carry out the final preparation for the field before data collection,
- Collect data using electronic devices (or voice recorders for qualitative part) in compliance with research ethical principles, wherever appointed,
- Ensure their cleanliness before handling them to the team leader
- Carry out any other tasks related to this assignment

The application package including motivation letter, academic degree, and a detailed CV, will be submitted to andagijimana@nursph.org, with a copy to munarcisse@gmail.com, amusabyimana@nursph.org, bngabo@nursph.org by Tuesday, June 30th, 2020 at noon (12:00). The study is scheduled in July-August 2020. Only shortlisted applicants will be contacted for further steps.

Kigali, June 22nd, 2020
